1. Electrical Supports

Cable Mesh

The new Caddy Cable Mesh support system is manufactured from 5mm ZP steel wire, very lightweight with a safe edge for cable protection. With 50mm high sides & 50 x 100mm grid, it supports the cable evenly and allows easy dropout of cables without cutting the tray.

There is a full complement of accessories for quick and easy on-site manufacture of Bends, Tees & Risers.

It is the perfect answer for retro-fit applications.

Cover and Barrier Strip for Ladder Tray and Ladder

COVER

We offer a full range of covers to suit all CT3/5 Ladder Tray and Cable Ladder.

Manufactured from galvabond material as standard and in 3 m lengths.

It is available in flat or peaked finish.

Covers are fixed in position using cover clips or simply with a tek screw into the ladder rail.

Part #	Description
47CGF155	155mm x 3m Flat Cover Galvabond
47CGF305	305mm x 3m Flat Cover Galvabond
47CGF455	455mm x 3m Flat Cover Galvabond
47CGF605	605mm x 3m Flat Cover Galvabond

Also available "to order" in HDG FINISH, STAINLESS STEEL or ALUMINIUM.

BARRIER STRIP

Barrier (divider) Strip to suit CT3/5 Ladder Tray and Cable Ladder.

Manufactured from Galvabond material as standard and in 3 m lengths. Fixed in position with M6x20 pan screws and channel nuts through the pre punched slots in the base of the divider strip.

Part #	Description
48N1DS	CT3 & N1 Divider Strip 3m
48N2/3DS	CT5 & N2/3 Divider Strip 3m

Also available "to order" in STAINLESS STEEL or ALUMINIUM.

1. Electrical Supports

NEMA2 Cable Ladder

NEMA2 is a MEDIUM duty cable ladder in 6 m lengths.

Standard finish is HDG.

It has 93mm high sides with a cable laying depth of 75mm.

Standard rung spacing is 300mm with pre punched slots for easy cable fixing.

Load rated to 470kg based on a 3.0m span between support points.

Rail In is the stocked type and all accessories are standard 450 radius.

Rail Out and other radius accessories available to order.

3. Threaded Consumables

Vertigo Hangers

For fixing direct to concrete, timber & steel trusses.

Vertical or side hangers.

Vertigo is a one-piece all steel threaded rod hanger. It can be installed into steel truss, purlins, timber joists as well as concrete. Supports 6mm - 10mm threaded rod.

Simply insert the required Vertigo into the appropriate driver & install using a cordless drill.
